YMCA Higher Education Certificate in Business

YMCA Education Centre

Education service has always been an integral part of the YMCA movement worldwide. In each of the 1,700 YMCAs around the world, there are assorted education courses, enrichment programmes and professional workshops.

YMCA Education Centre began in 1913 as the YMCA Technical Education unit. Courses in Building Construction, Architecture, Mathematics, Theoretical Mechanics, Surveying, Electrical Engineering, Machine Construction and Drawing were arranged to train recruits for various government offices.

Currently, the centre operates a not-for-profit education service of the Young Men's Christian Association (YMCA) of Singapore, offering non-higher (YMCA School) and higher education (YMCA Higher Education) programmes.

Certificate in Business

The Certificate in Business is designed to develop understanding and confidence in students entering the next phase of their education. Students acquire knowledge and competence of different basic business management facets to stay relevant in this fast-evolving industrial landscape. This programme is validated and conducted at the YMCA Education Centre, Singapore. Some classes will be conducted off-site to enhance experiential learning, bringing understanding of management to life.

Course Objectives

- To prepare and develop students with the necessary theoretical and practical knowledge of businesses for future and continuing professional development.
- To provide students with the knowledge and skills that will enable them to progress to YMCA Diploma in Business Administration, and/ or further academic progression.

Course Structure

This course consists of 4 modules:

1. Fundamentals of Marketing
 - This module aims to provide students with the basic understanding of the differences between marketing and sales and the interrelations of the individual elements of marketing in achieving marketing goals.
 - Covering the importance and achievement of customer satisfaction, this module introduces students to marketing strategies for this on-demand market.
2. Foundation in Business Communication
 - This module looks at different communication theories and skills in establishing and maintaining effective relationship.
 - How modern technologies are influencing and transforming communications, along with common barriers affecting communication.
3. Basic Essentials of Management
 - This module introduces the different levels of management; the respective responsibilities; and the common issues in managing organisations.
 - Basic principle of management; key aspects and different types of management styles will be covered here.
4. Introduction to Accounting
 - The module explains the principles, concepts and applications of financial accounting, Balance Sheet and Cash Flow Statement.
 - An understanding on the role of financial accounting information in managing a business, emphasising on financial statements analysis and preparation.
